

## THS model

### High Accuracy Thermocouple Sensor Hermetically seal tip w Extension Wire

#### Specification

- Wire Size – 24AWG
- Optional: Terminal Junction to change to Miniature Plug
- K, J,T,E Available
- Optional: Calibration available traceable to ISO/IEC17025

#### Feature

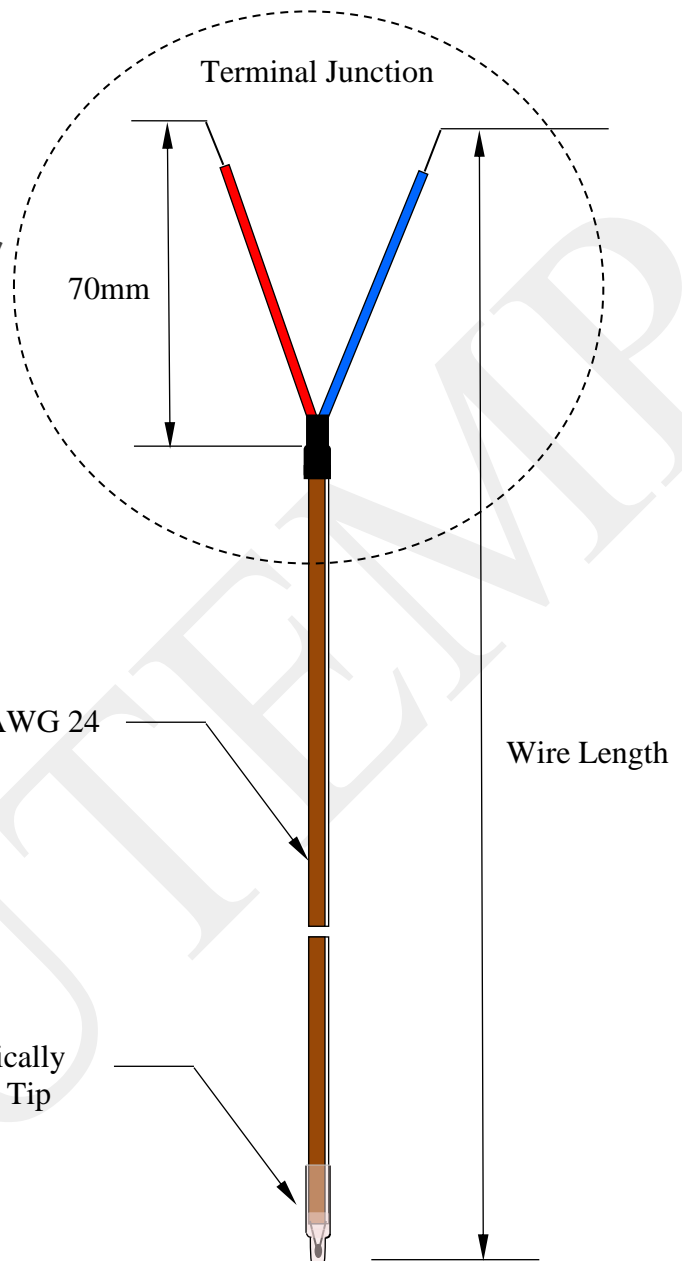

- Hermetically Sealed Tip
- Rugged
- Fast Response
- High Accuracy
- Easy Handling

#### Application

- Laboratory
- Pharmaceutical

MFA AWG 24

Hermetically Sealed Tip

### STANDARD THERMOCOUPLE MODEL

#### Description

THS Model , Thermocouple Sensor with Hermetically seal Tip and extension wire , Class 1

Order Code	Type	Wire Length mtr	Terminal Junction	Standard Calibration Service
THS-T- <u>2</u> M	T	2	Bare Ends	-
THS-T- <u>2</u> M-CN1	T	2	Mini Plug	-
THS-T- <u>2</u> M-CN1-CAL	T	2	Mini Plug	CAL

- Indicate thermocouple type K,J,T,E in order code accordingly. Example for type K, order code THS-K-2M.
- Change Wire Length in red \_ accordingly Example for Type T with 10mtr, order code THS-T-10M
- Add -CAL in order code if calibration require
