

THERMOWELL

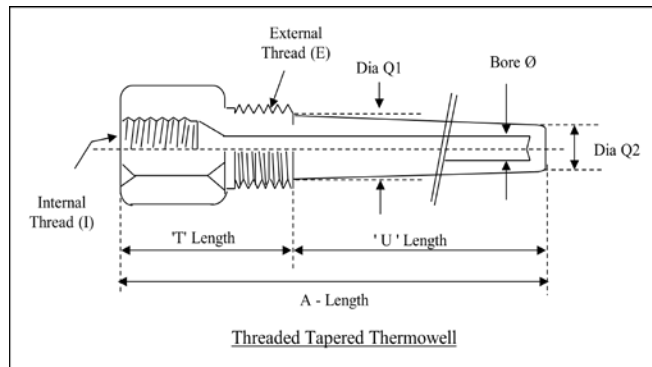

- Solid bar rod machine to specific design i.e. TSD, TS,TT, ST, SS, ST, FS, FT,VS, VT Model
- Material: SS304,316,Inconel, Brass
- easy maintenance
- withstand high pressure
- Protect sensor for longer lifespan
- Optional : Wake Frequency Test
- Optional : Dye Penetration Test
- Optional : Pressure Test
- Use with Temperature Sensor , Temperature Gauges
- Suitable for EPS, EU Model

Threaded Thermowell

TWTS Model

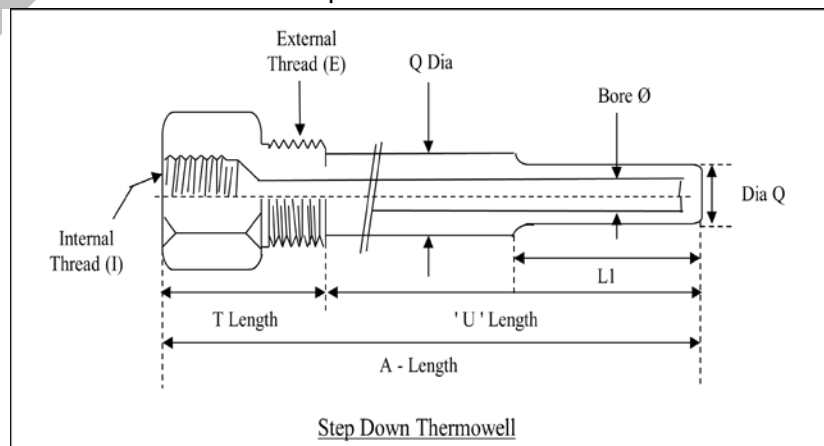

TWTT Model

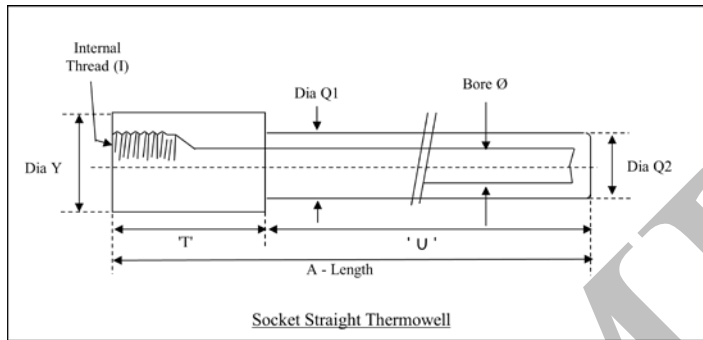

Threaded Step Down Thermowell

TWSD Model

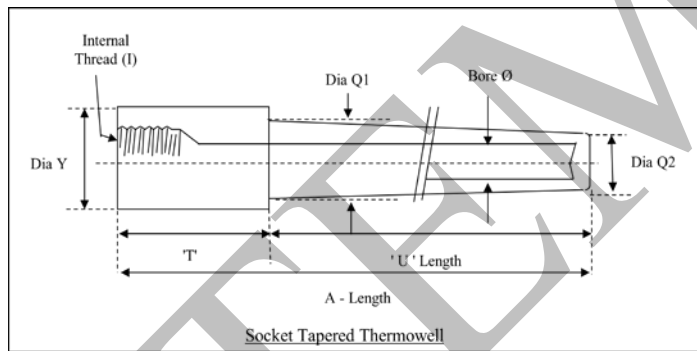

Socket Thermowell

TWSS Model

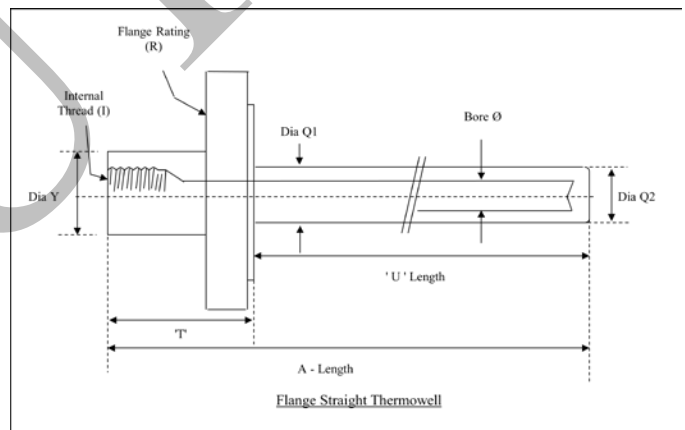

TWST Model

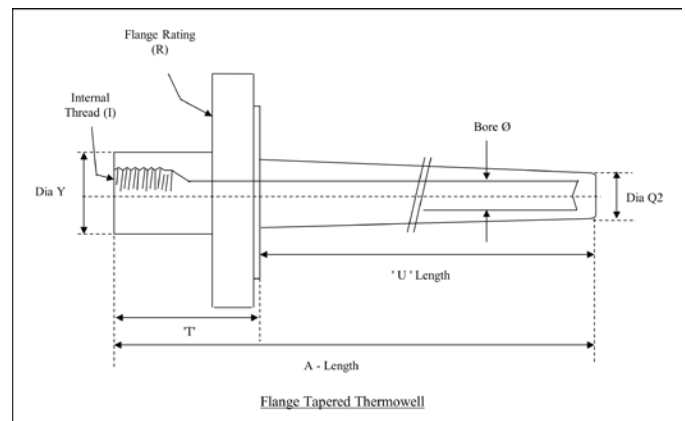

Flange Thermowell

TWFS Model

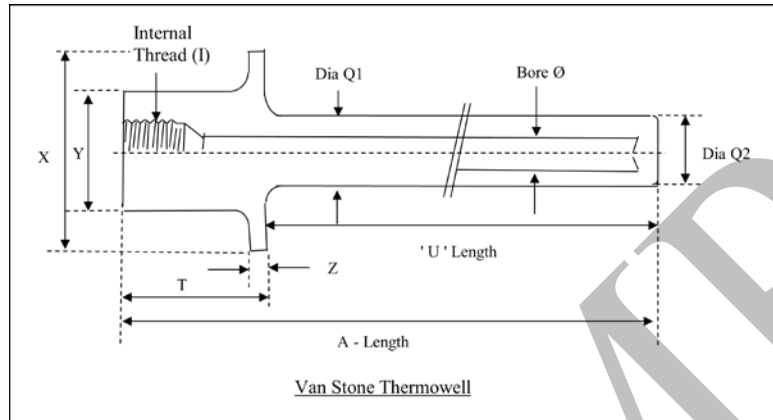

TWFT Model

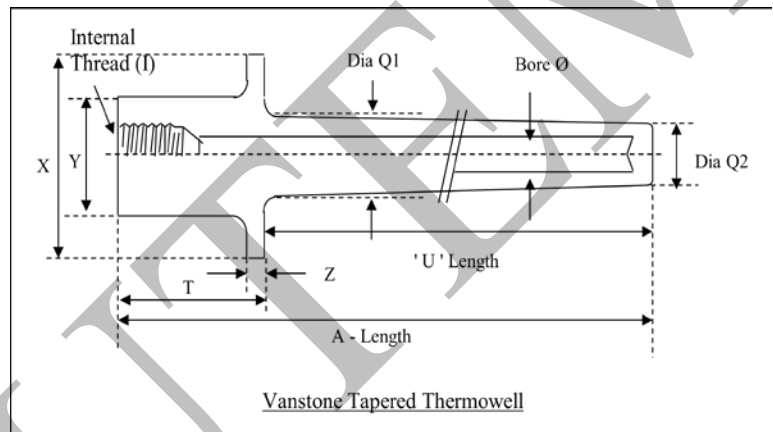

TW16-SSSTFSFT-01

Vanstone Thermowell

TWVS Model

TWVT Model

THERMPOCKET

- Low cost
- Easy maintenance
- Using Solid Bar Rod to machine the process connection and weld with stainless steel tubing.
- Material SS304, SS316
- Protect sensor for longer life span

TPocket Model
